Professional Summary

Frontend Developer with 4+ years of experience designing and developing responsive, scalable, and user-friendly web applications. Strong expertise in HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS, and responsive web development. Experienced in converting Figma and PSD designs into pixel-perfect user interfaces, implementing reusable UI components, optimizing application performance, and collaborating with cross-functional teams. Familiar with TypeScript, React, REST APIs, Git, and modern frontend development practices.

Professional Experience

Battersea Web Expert – Frontend & WordPress Developer (Mar 2023 – Present)

- Developed responsive and scalable user interfaces using HTML5, CSS3, JavaScript, Bootstrap, and Tailwind CSS.
- Converted Figma and PSD designs into pixel-perfect, responsive web pages.
- Built custom WordPress themes and customized existing themes based on business requirements.
- Developed custom WordPress functionality using PHP and MySQL.
- Created reusable UI components and responsive layouts for desktop, tablet, and mobile devices.
- Integrated REST APIs and dynamic content into WordPress websites.
- Optimized website speed, Core Web Vitals, and frontend performance.
- Ensured cross-browser compatibility and responsive design across all devices.
- Collaborated with UI/UX designers, backend developers, and QA teams to deliver high-quality web applications.
- Used Git and GitHub for version control and team collaboration.
- Guided junior developers through code reviews and frontend development best practices.
